SlimTouch Pro Keyboard

www.adesso.com

Enhance your computing experience with exceptional comfort and control with the Adesso SlimTouch Pro Keyboard. This keyboard features an integrated touchpad that uses Glidepoint® Technology. The touchpad can be used instead of your mouse, making it easier than ever to control your PC. This keyboard also features 15 hotkeys that with one-touch provide you with instant control of your multimedia and web applications. Along with these features this keyboard includes a integrated wrist rest that supports wrist while typing.

Built-In Touchpad

Wrist Support

Multimedia & Internet Hotkeys

■ Built-In Touchpad

The Adesso SlimTouch Pro Keyboard built-in touchpad eliminates the need for a mouse and saves valuable desk space. The Glidepoint® Touchpad puts computer control at your fingertips. Navigate, scroll, zoom, access files and enter data all with just a light touch of the finger.

■ Sleek Design and Wrist Support

The keyboard's slim and stylish keyboard design offers a better tactile feel and key response. The keyboard also has an integrated wrist rest that provides extra comfort and support while typing.

■ Multimedia & Internet Hotkeys

The built-in hotkeys allow users to connect directly to their media player and popular Internet applications. With a single touch users can surf the Web, navigate music and video clips, and start many frequently used Internet applications.
